Features

Digital Clarity Power™ technology enhances audio performance and quality to equal that of high end digital hearing aids.

- Minimizes background noise and amplifies the human voice only
- Eliminates feedback and distortion for clearest sound
- Balances soft and loud sounds for a comfortable listening experience at any volume

50/15 Total Decibels for louder and clearer conversations.

- Increases volume of incoming voice by up to 50dB
- Increases the volume of your voice up to 15 dB with no loss in the incoming volume

ClarityLogic® is the latest technology from Clarity that allows for simplified customer support that provides accurate and immediate results.

- Clarity representatives can remotely evaluate a phone and adjust settings for easy phone configuration
- Call 1.877.LOGIC24 (1.877.564.4224) to find out how Clarity is here to make life easier.
